General Reference:

Manual for Streets

<http://www.dft.gov.uk/pgr/sustainable/manforstreets/>

Professional Lighting Designers' Association (PLDA)

The PLDA is a voluntary federation of lighting designers and lighting consultants who are active on an international scale, their purpose being to increase the reputation of the profession and to establish the profession as such in its own right.

<http://www.pld-a.org/>

Institution of Lighting Engineers (ILE)

The Institution of Lighting Engineers is the UK and Ireland's largest and most influential professional lighting association, dedicated solely to excellence in lighting. The key purpose of the ILE is to promote excellence in all forms of lighting.

<http://www.ile.org.uk/>

Society of Light and Lighting

The Society of Light and Lighting is the senior and largest professional body representing the interests of those involved in the art, science and engineering of light and lighting. It has over 2000 members in the UK and world-wide and carries out a full range of activities including publications on lighting and a programme of regular seminars and conferences.
